

HOW TO FIX YOUR CREDIT FAST

1

UNDERSTAND YOUR SITUATION

- Obtain a free credit report. You can get on at www.annualcreditreport.com
- Examine your credit report for errors, wrong addresses, maxed out accounts, accounts in collections, & open accounts that shouldn't be.
- Sort out all negative accounts, write down your account numbers and their contact information so you can contact them later.
- Contact our team for a free complimentary consultation. Our partner credit repair specialists will sit with you to make a game plan.

2

FOLLOW BEST PRACTICES

- Do not miss any more payments, if you cannot pay full, please make minimum payments.
- Do not take on any more debt!
- Only use 25% or less of your total limit.
Example: If your credit card limit is \$1,000, do not charge more than \$250 before paying.
- Create a budget and setup auto payments for all your accounts for minimums so you are never late.

3

AVOID FORECLOSURE AT ANY COST!

- Foreclosure is just as bad as a Bankruptcy. Your credit is destroyed and it is very hard to recover.
- You can always avoid foreclosure as the banks are not in the business to foreclose you. No one wins. There are alternatives for you.
- Homeowners behind on their mortgage have 3 main scenarios. Home Sale, Loan Modification, or a Short Sale. We can help you navigate which is the best scenario for you. We have the best experts in every industry. All complimentary to you. Please DO NOT pay anyone before talking to us.
